Clean Power Alliance (CPA) is a new Community Choice Aggregation/Joint Powers Authority formed to provide electricity services to retail customers in Southern California. With 32 member agencies, CPA will be the largest CCA in California and 5th largest electric utility in the State, serving over three million residents and businesses through more than one million customer accounts.

CPA uses its market power to advance clean energy goals in a way that adheres to the local priorities of its member agencies. To further this mission, CPA is seeking a motivated and detail-oriented team member to perform long-term contract origination and management activities for CPA, under the supervision of the Director of Power Planning and Procurement.

This is a challenging opportunity to play a key role in restructuring Southern California’s energy market to rapidly reduce greenhouse gas emissions and provide local choice in energy supply and services. To be successful you must:

- Have strong project management skills and experience leading cross-functional teams
- Have high attention to detail with strong organizational skills
- Have strong negotiation and interpersonal skills
- Communicate effectively, orally and in writing and the ability to translate complex technical information into non-technical language
- Handle multiple priorities to meet deadlines and escalate key issues
- Work accurately and swiftly under pressure
- Have a high tolerance for uncertainty but know how to bring things to resolution
- Have a strong work ethic befitting a start-up environment

The Structured Contracts Manager will be responsible for the procurement of energy resources and will support all aspects of the deal-making process, including the solicitation process, due diligence, negotiations, and contract management.

Key duties include:

- Project manage procurement solicitations for long-term renewable and clean energy contracts, including management of consultants and vendors, development of solicitation materials and requested products, oversight of RFO administration and external communications, and review and selection of offers.
- Negotiate and maintain complex contracts that contribute to CPA’s Renewables Portfolio Standard (RPS), energy storage, and other environmental and community goals.
- Handle transaction execution including leading internal and external due diligence teams and negotiation of transaction terms and documents.
- Manage relationships with counterparties through project development, project on-boarding, amendments, consents, and on-going contract management. Serve as the primary point of contact for long-term energy contracts.
- Evaluate and manage contract requirements, review payments, and manage disputes. Work
closely with CPA’s internal procurement team members and portfolio management consultant to ensure implementation and proper management of each contract, including coordination with CPA’s scheduling coordinator, front, mid and back-office functions.

- Prepare reports and presentations for management and CPA’s Board of Directors and respond to regulatory filings/data requests.

**Qualifications:**

- Bachelor’s degree
- Five (5) or more years of experience in functions related to contract origination, contract negotiation, contract management, and/or project management
- Demonstrated experience in CAISO and North American electricity markets
- Experience leading cross-functional project teams
- Experience interacting with state, local and federal regulatory agencies
- Excellent written and verbal communication skills, including the ability to prepare reports and present complex technical information to a wide audience, in non-technical language
- Experience using Microsoft Word, Excel, PowerPoint, and Access

**Start Date:** As soon as possible, position open until filled.

**Salary Range:** $120,000 – 150,000, depending on experience

**Benefits:** Fully paid employee health care, a 401(k)-type match program for retirement, and progressive paid vacation/sick leave policies. This is not a civil service position.

**Location:** Downtown Los Angeles.

**Culture:** CPA fosters a culture of open communication, responsibility, and intellectual curiosity. As a small team seeking to build the largest CCA in California, high levels of trust and mission alignment will be key to individual and team success.

**Commitment to Diversity:** At CPA, we value diversity and are committed to creating an inclusive environment for all employees. We represent a diverse customer base and intend to hire employees that reflect our communities. Clean Power Alliance provides equal employment opportunities to all applicants for employment and prohibits discrimination and harassment of any type without regard to race, color, religion, age, sex, national origin, disability status, genetics, protected veteran status, sexual orientation, gender identity or expression, or any other characteristic protected by federal, state or local laws.

**How to Apply:** Candidates should send a resume and a succinct and well-written cover letter with 3 references to jobs@cleanteam.org.
